# Hello Flagstonians!

A message from Troy Thompson  
Flagstone Project Director

## In a major milestone for Flagstone, civil construction of the Aspire and Latitude precincts are complete.

While most of the completed lots now have homes built on them, at last count there were 240 homes under construction. This is an incredible amount of home construction underway, here at Flagstone. When complete, these precincts will be home to over 1,500 residents.

With the completion of Aspire and Latitude, civil construction on the Pinnacle release has been fast-tracked, with the first 145 lots to be completed and ready for even more new Flagstonians to build their dream homes on in April.

I am sure you are all aware of the rapid growth we are experiencing here at Flagstone. Each month

around 40 new families are calling Flagstone home, making this area one of the fastest growing in Queensland.

As the local population grows, many new businesses are also deciding it's time to make the move to Flagstone. It's great to see how Flagstone Tavern has quickly become a central hub for the community. Other business to open recently include Midas Tyre & Auto Service, Swift Storage and Lifeline Shop, and World Gym is under construction, just to name a few. With the continued rapid growth here at Flagstone, many more businesses will open sooner rather than later, providing more opportunities for local employment and more services for Flagstonians to enjoy.

## State Government Update

# State Member of Jordan wins seat and returns to serve Flagstone for another term.

Flagstonians, I am deeply honoured to be returned as the State Member for Jordan and to continue to advocate for the needs and aspirations of our Flagstone community.

### Mixed Use Health Precinct

During the most recent State Election, I made a commitment that if the Miles Government was re-elected, we would begin the planning for a new Mixed Use Health Precinct for Flagstone.

My commitment of \$500,000 would have seen a Business Case completed in 2025 to:

- confirm the health services required in consultation with the local community
- secure a suitable location within the Flagstone Town Centre
- explore the potential for other government agencies to co-locate within the Health Mixed Use Precinct

Please know that I will continue to strongly advocate for the health precinct with the new Queensland Government to see the delivery of an ambulatory and urgent care clinic as well as a range of allied health and community health services.

### Second Road Access for Flagstone

Delivery of a second access road in Flagstone also continues to be a major priority. Unfortunately, the proposed extension of New Beith road has been delayed as a result of assessment under Federal environment laws.

I have written to the Federal Minister for the Environment and Water, the Honourable Tanya Plibersek MP to advise that approval of this road project is absolutely vital for the safety and amenity of local residents as well as the economic growth of Flagstone.

I supported \$20 million in funding from the Queensland Government's *Catalyst Infrastructure Fund* towards this critical project and want to see it delivered as soon as possible for our Flagstone community.

### New Catholic College under construction

I was so pleased to be part of the official sod-turning for the brand-new St Bonaventure's College, being delivered by Brisbane Catholic Education.

The new P-12 College will be a most welcome addition to the Flagstone community, providing educational choice for local families.

Over \$27.2 million has been provided through the *State Government Capital Assistance for Non-State Schools Fund* to support the construction of the College.

## Logan City Council Update

### It was a real pleasure to get down to the sign up day for the Flagstone Tigers Rugby League Club and the Flagstone Netball Club recently.

Local sport is certainly growing within the area and it was great to see so many Mums, Dads and kids turn up on the day. I'm sure a few of you also went straight over the road to the Adventure Park for a cool down in the water play area.

Some news that I have certainly been waiting for is the news that in the third quarter of this year we will see the start of construction for the much anticipated Flagstone Community Centre, which will be located behind the Flagstone Adventure Park.

I look forward to catching up with you all at the forthcoming events that are in Flagstone, including the Twilight Markets and Saturdaze Big Day Out.

Please follow my Facebook Page for updates and communications, or come and have a chat in person when I have my next mobile office in the area.

# Locals raising money for the Cancer Council, driving in the August Sh\*\*box Rally!

**Flagstonians Jonathon Dennis and Reece Haylock will be driving 6,500kms raising money for Cancer Council. The drive is the Autumn route for the iconic Shitbox Rally.**

"I've lost numerous people in my life to cancer so we will be doing this in their name. We all know somebody who has lost a battle with cancer and we can all relate to the fact that more research needs to be done. So, we have been raising money to go towards much needed cancer research", said Jonathon.

The drive will start in Canberra and take them through Hay, Silverton, Maree, Birdsville, Boulia, and Hughenden, finishing the monster of a drive in Townsville. This drive will take around 8 days and must be completed in a car worth less than \$1,500.

Entered as "The Apex Predators", the guys will drive a tough old Toyota Camry which will be loaded with swags, tyres, jerry cans and a portable shower. It is something Jonathon and Reece have both wanted to do for a long time and they're excited to complete this journey knowing it is for a good cause.

The guys have set up a Facebook page 'The Apex Predators' to follow their journey. They are taking donations for the Cancer Council. They appreciate the tough times but every little bit counts. Scan the QR code below to donate or visit [shitboxrally.com.au](http://shitboxrally.com.au), search 'the apex predators' in teams. If there is anyway you would like to help in a different way, please get in contact with them at [jonathondennis63@yahoo.com](mailto:jonathondennis63@yahoo.com)

# Community Street Library – Book Swap Nook

**The Lawrence-Hudson family of River Oak Drive, Flagstone, have built a cute Community Street Library, open to all residents.**

Jenna has a love of reading and loved visiting other street libraries around Brisbane. She had a dream to give back and share her love of books with her community. In a discussion with her handy and creative dad, he helped make her dream a reality and turned an old entertainment unit into a piece of art.

The Jen & Pop's Book Nook has been set up with a space for everyone – top shelves for adults and bottom shelves packed with treasures for the kids! Flagstonians are free to come by anytime to swap a book or just browse. If you have any books you'd like to donate, they would greatly appreciate it as they grow the collection.

"I like to restock when I can and swap out the books so there is always heaps of variety. I am also wanting to start to celebrate some special days such as Easter or Mother's Day. The nook will also be home to colouring pages for kids, bookmarks and other special things that the community are able to come and grab", said Jenna.

The Book Nook hangs on the fence of the Lawrence-Hudson home in River Oak Drive and everyone is encouraged to take a book and leave a book in its place.

## Flagstone State Community College Sports Development Program: A New Era in Local Sporting Excellence

**Flagstone State Community College (FSCC) has launched an exciting new chapter in its Sports Development Program, further cementing its commitment to fostering athletic talent and community engagement.**

As the college becomes an official member of the newly formed Southern Conference, students now have the opportunity to compete in a variety of sports on a regular basis at a competitive level. The Southern Conference will feature Basketball, Netball, Rugby League, and Touch Football, with the first competitions in Basketball and Netball kicked off in Week 4 of Term 1.

The college's Principal Julie Strong said that the inclusion of FSCC in the Southern Conference marks a significant step forward for the college, both in terms of its sports programs and its broader community involvement.

Behind the scenes, the college has worked hard to establish partnerships with local sporting organisations, securing resources, coaching expertise, and support to ensure the program's success. This work includes the recruitment of experienced coaches who will guide

and mentor students, helping them reach their potential on and off the field. With the right blend of training, support, and facilities, the college is confident that students will thrive in these competitive environments.

The launch of the Southern Conference and the ongoing development of FSCC's sports program are poised to make a major impact. As the college continues to grow and evolve, it is clear that the new sports initiative will not only enrich the student experience but also elevate the standing of the school in the wider region. With a strong foundation of support and a clear focus on developing young talent within the student body, Flagstone State Community College is set to become a beacon of sporting excellence in the community.
