ADDITIONAL NOTES:

Final surface contours shown hereon have been drawn from data supplied by Bradlees Meinhardt.

Allotments used as Multiple Residential Allotments in accordance with the approved Plan of Development may have a reduced primary road setback to 3.0metres as noted on the Plan of Development Table.

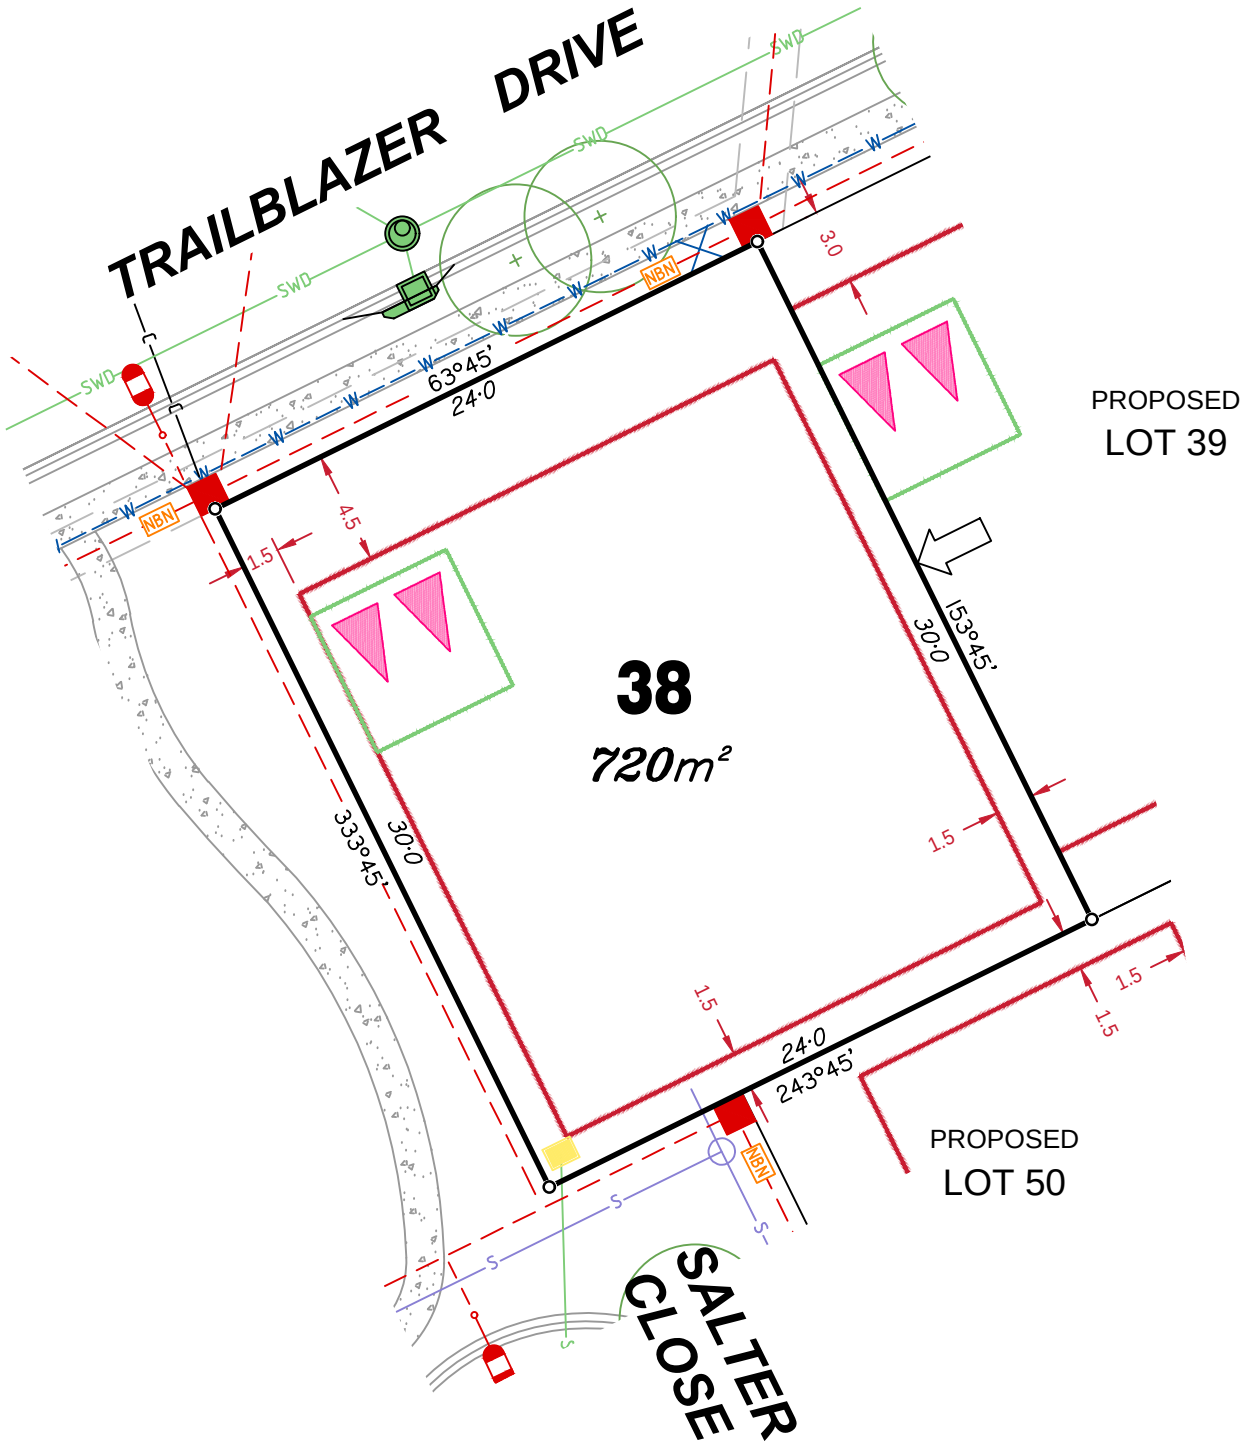

Depth of fill values shown are from the existing surface.

Compaction of any fill material placed on this site shall be completed under inspection and testing services in accordance with AS3798-2007.

Location of sewer, roofwater, stormwater, water reticulation and electricity lines, manholes and pits are those shown on engineering design drawings, supplied by Bradlees Meinhardt, and may differ from the as-constructed location.

Plan of Development information Supplied by RPS Group PLC.

Allotments used as Multiple Residential Allotments in accordance with the approved Plan of Development may have a reduced primary road setback to 3.0metres as noted on the Plan of Development Table.

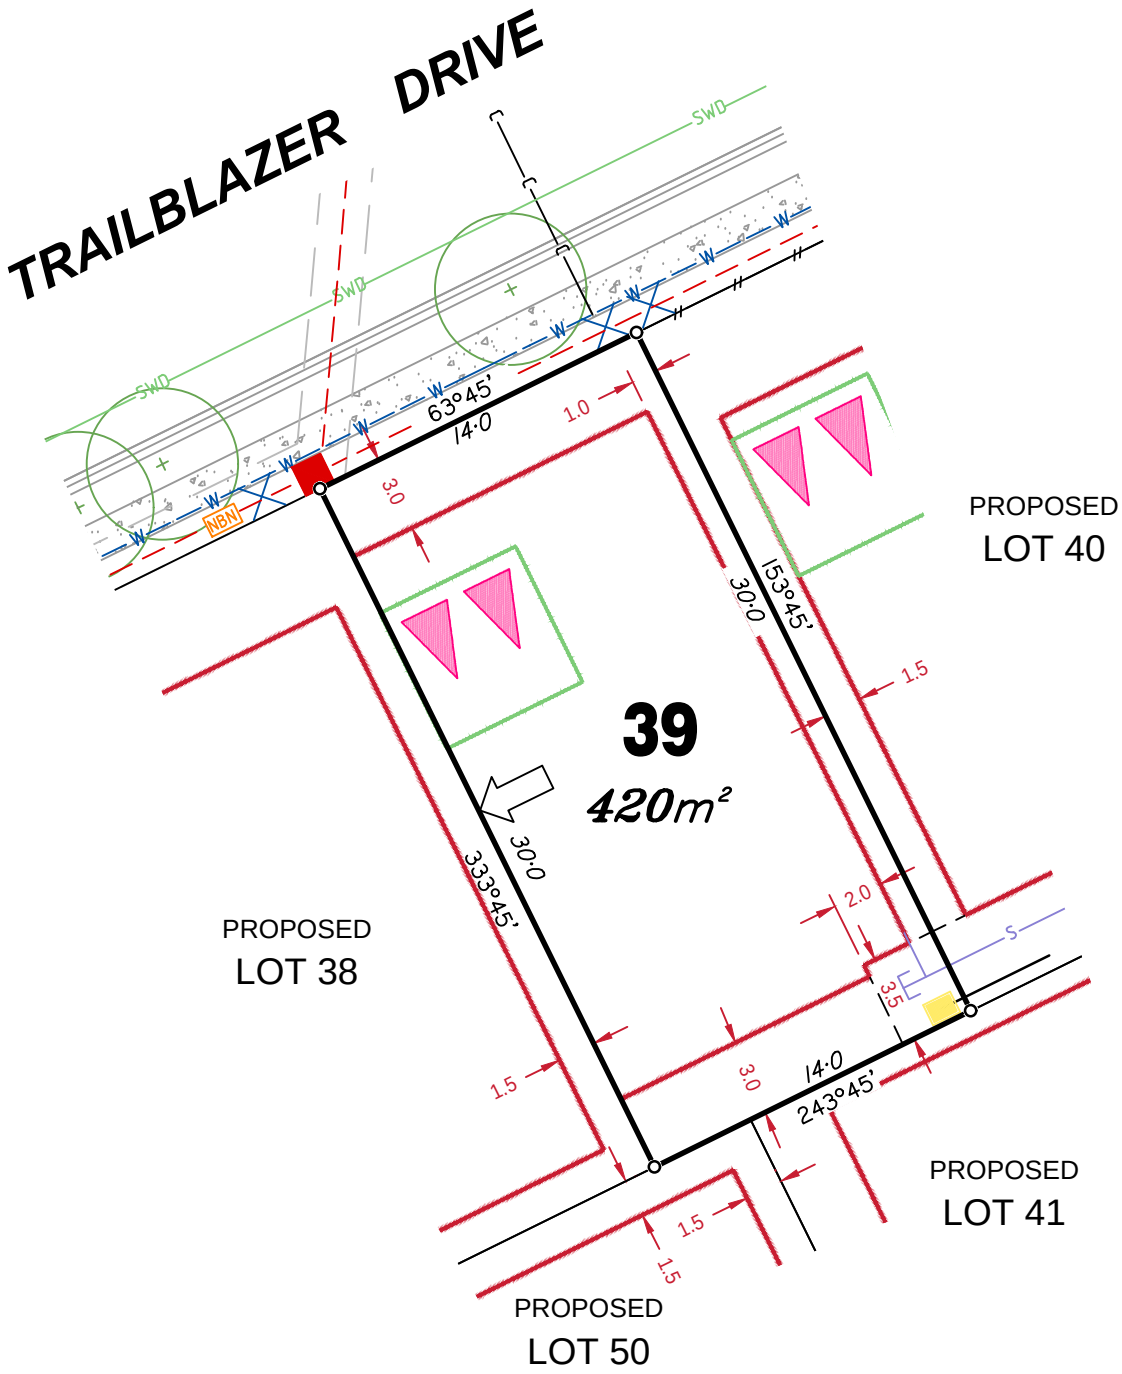

Depth of fill values shown are from the existing surface.

Compaction of any fill material placed on this site shall be completed under inspection and testing services in accordance with AS3798-2007.

Location of sewer, roofwater, stormwater, water reticulation and electricity lines, manholes and pits are those shown on engineering design drawings, supplied by Bradlees Meinhardt, and may differ from the as-constructed location.

Plan of Development information Supplied by RPS Group PLC.
