Our single storey wonder that combines light, space and easy living.

Lighthouse 1

House and Land Package

The award-winning Lighthouse 1 features two bedrooms, huge central courtyard, front-loaded single garage and two separate living areas.

It's an ingenious and flexible floor plan, noted for its clever use of space, its lofty raked ceilings and its ability to capture light and fresh air in every room. The features and value in design has earned national acclaim and is truly remarkable for a home of only 6.2m width.

Features include:

- Refer to page 3 for a full list of the standard features included in our Terrace Collection
- Insulation to external walls and to ceilings
- 3m ceiling height to living areas, raked ceiling to entry
- Choice of 4 internal colour schemes
- Choice of timber laminate or sealed concrete floor to entry, gallery and living
