

Selling your property at Lightsview?

We require notification at least 10 business days prior to you selling your property. This allows sufficient time for us to attend to necessary administration processes, including reading your recycled water meter, prior to settlement.

A final meter read fee will be applied to your closing account.

In the event you sell or otherwise dispose of your interest in this property, you will continue to be personally bound by the Standard Customer Sales Contract unless and until you notify us in accordance with that Contract.

Please have your conveyancer contact us on (08) 7999 8555 or homesales@wua.com.au
