GREEN
PEET

FRAMED BY NATURE.

Village Green is a masterplanned community tucked into Palmview, on the doorstep of the Sunshine Coast.

A tight-knit community, set amongst expansive parklands with a perfectly central position that puts residents in reach of both must-do adventure and must-have conveniences – shopping, dining, entertainment, education, healthcare, and all the natural discoveries that await beyond the estate's leafy borders.

Now, Village Green turns a new leaf with The Grove, a naturally surrounded new neighbourhood created for your next chapter, not just your next house.

THISTLE PLACE PARK

MADE FOR COASTAL LIVING.

From here, the coast is 15 minutes away, three schools are just minutes from home, and everyday life happens at a slower, more deliberate pace.

MOOLOOLABA BEACH

PALMVIEW STATE PRIMARY SCHOOL

THE GREEN SIDE OF THE SUNSHINE COAST.

GREEN BY NAME, GREEN BY NATURE.
The expanding Village Green community now borders 47 hecatres of preserved conservation land and the Mooloolah River Corridor, a pristine habitat for local wildlife, and quiet green trails right outside your door.

SECLUDED. BUT CENTRAL.
Mature streetscapes set you back from the everyday rush without cutting you off from it. Shops, cafes and dining are always minutes away.

SPACIOUS BY DESIGN.
We believe a masterplan should give a family room to grow into. Bordered by Sippy Creek to the west and the Mooloolah River corridor to the east, Village Green uses scale deliberately, with landscaped green corridors and framing by a generous conservation buffer. It's a spacious landscape, built to be lived in for generations.

PERFECTLY POSITIONED.
The coastal lifestyle you've worked for is closer than you think. Mooloolaba Beach is around 15 minutes away, or head west to the mountain trails of the Sunshine Coast hinterland.

EDUCATION, ALL CLASS.
Walk your kids to school, literally. Your new home sits within walking distance of Palmview's on-site education campus including Palmview State Primary School, Palmview State Special School, and Palmview State Secondary College, all in one place.

AT Village GREEN

CLOSE TO EVERYTHING. FAR FROM EVERYDAY.

You won't need to travel far to experience what the Sunshine Coast has to offer:

- Take your pick of beautiful sun-kissed beaches at Caloundra and Mooloolaba
- Eight surrounding public and private schools for your children's education
- Hit the trails of the lush hinterland, climb its mountains, or conquer by bike
- Shopping at Stockland Caloundra, Kawana Shopping World, and Sunshine Plaza will have everything you need and more
- All within 30 mins of Village Green

REST, RELAX, AND RECHARGE IN THE HEART OF VILLAGE GREEN.

Tucked into an established, leafy pocket of Palmview, life here is built for quiet mornings and slower afternoons. Wander the green corridors on your doorstep, or step straight into the parklands just outside. It's a premium enclave suited to growing families and next-chapter buyers alike - green space and everyday convenience in equal measure, with school drop-offs, local cafes, and the Sunshine Coast beaches all close at hand.

ARCADIA DISPLAY HOME, MEADOW STREET, PALMVIEW

PROUDLY BROUGHT TO YOU BY PEET.

THE PEET DIFFERENCE.

The core of our success and confidence in the future extends from the commitment, spirit and passion of our founder, James Thomas Peet, who established Peet in 1895. James Peet believed owning property was every Australian's birthright and he did all he could to enable people of all ages and stages of life to achieve that dream.

More than 130 years on, his vision continues to live through our commitment to lead the way in the building of vibrant communities across Australia. Communities that offer exciting prospects for families, retail and institutional investors, and project partners.

COMMITMENT TO QUALITY.

At Peet, quality underpins everything we do. It's what sets us and each of our vibrant communities across Australia apart. From our innovative range of residential options, through to sustainability, our communities are designed to make bold statements in modern living, not just now, but well into the future.
