# Connecting internet, telephone and TV

Your community is serviced by the Opticomm superfast Fibre to the Premises (FTTP) network

We build and maintain the wholesale network that connects you to the internet.

To choose a phone and/or internet plan that suits your needs, speak to one of our service providers today.

Step one - Register
Check your address and register your property with Opticomm at **opticomm.com.au/check**

Step two - Schedule
Make your connection payment, if applicable. You'll then receive notification from us within 3 business days to schedule a technician appointment

Step three - Connect
An Opticomm technician will attend your premises at the agreed time to complete installation of the Opticomm network equipment

Step four - Enjoy
If you haven't already contacted your preferred service provider to choose a suitable plan, visit **opticomm.com.au/service-providers** to view our list of providers
