Just half an hour from Perth CBD, Movida is close to Midland and the beautiful Swan Valley – so has easy access to a great range of well-established facilities including shops, health and medical facilities, a big choice of entertainment, good transport connections and schools.

When complete, Movida Estate will welcome around 1,000 new homes and have a

network of paths connecting to landscaped parks, open spaces and reserves that are being developed around Blackadder and Woodbridge Creeks.

The highly anticipated launch of Stage 1C has added to the choice at Movida with lots ranging from 300sqm to 495sqm that are the first to be released in the southern end of the estate.

The new Movida Estate Display Village is open Monday and Wednesday 2-5pm, Saturday 1-5pm and Sunday 12-5pm.

Movida Estate is a proud supporter of local community groups and projects – including Midvale Junior Football Club's All-abilities Clinic.

Here are some snaps of the clinic's first session which involved 14 young participants – all living with disability – who had a wonderful time building their Aussie Rules skills.
